**APPLICATION OF
FEDERAL STATE UNITARY AIR ENTERPRISE OF
MINISTRY FOR EMERGENCY SITUATIONS OF RUSSIA
FOR AN EXEMPTION**

Federal State Unitary Air Enterprise of Ministry for Emergency Situations of Russia (hereinafter referred to as "FSUAE Emercom of Russia" or "Applicant") pursuant to 49 U.S.C. § 40109 and Subpart C of the Department's Rules of Practice, hereby applies for an exemption from 49 U.S.C. § 41301 et seq. to permit Applicant to engage in charter foreign air transportation of property and mail between a point or points in the Russian Federation and a point or point in the United States and in other charter trips in foreign transportation, including between any point or points in the United States and any point or points in a third country or countries, subject to pertinent national, bilateral and international rules and regulations.

The following information is submitted in support of this Application:

1. Applicant is a unitary enterprise established and registered on October 9, 1995 under the applicable laws of the Russian Federation and is wholly owned by the Russian Federation.

2. Applicant has been designated by the Russian Federation to engage in charter transportation of property and mail to and from the United States under the Air Transport Agreement between the United States and the Russian Federation. It will utilize IL-76TD aircraft to perform these services.

3. To provide permanent authority for these services, Applicant is today filing with the Department of Transportation a companion Application for a Foreign Air Carrier Permit. All of the information and documents describing Applicant and its proposed operations to the United States that are required by 14 C.F.R. Parts 203, 205, 211 and 243 are contained in that Application, and such information and documents are hereby incorporated herein.

4. This Application for an exemption is being filed in order to obtain authority for these services as quickly as possible. Expedited consideration of this Application is therefore requested.

5. As can be seen from the information herein and the information and documents submitted in its companion Foreign Air Carrier Permit Application, FSUAE Emercom of Russia is fully qualified to operate the services for which authority is here requested. Grant of the requested exemption is therefore in the public interest.

WHEREFORE, for the foregoing reasons, Federal State Unitary Air Enterprise of Ministry for Emergency Situations of Russia respectfully requests that the Department grant it exemption authority to engage in charter air transportation of property and mail between a point or points in the Russian Federation and a point or point in the United States, and in other charter trips in foreign transportation, including between any point or points in the United States and any point or points in a third country or countries, subject to pertinent national, bilateral and

international rules and regulations, and that such exemption be authorized as expeditiously as possible.

Respectfully submitted,

Stephen L. Gelband
